

## THE LIBRETTO ON YOUR SMARTPHONE

The free app Lyri allows you to read the texts and the plot from the libretto on your smartphone or tablet, synchronized with the performance. Specifically created for theatres, Lyri does not spoil your attendance of the show, thanks to the black background and the automatic setting of the brightness to zero, with a very low battery usage; thus Lyri efficiently replaces surtitles.

## INSTRUCTIONS

- 1 Download the free app “**Lyri live**”
- 2 Once in the theatre connect to the free Wi-Fi “**Lyri**”
- 3 Launch the Lyri app and put in the following  
**username:** opera  
**password:** opera
